

Library of The Chathams
Children's Room Policy
Adopted May 22, 2018

The Children's Room at Library of The Chathams is for children. The space is specifically designed to provide Chatham Borough and Chatham Township young residents (from birth to grade 6) and accompanying caregivers with a place in the library.

Adults unaccompanied by a child are welcome to check out children's materials, but should not occupy the Children's Room for longer than necessary to locate items, at the discretion of the staff member on duty.

Caregivers wishing to use a computer while supervising a child in the Children's Room may do so only if there are no children waiting to use one.
